Monthly Brush Pickup Guidelines

2017 Brush Pickup Dates:

April 24 * May 22* June 26 * August 21 * September 25 * October 23

If the scheduled brush pickup is delayed by weather or utility emergencies, the Department of Public Works Superintendent and/or the Township Director shall immediately reschedule the brush pickup. The Township reserves the right to schedule additional pickups in the event of severe storms.

Brush pickup will normally commence on a Monday. All residents shall have their brush out to the curb by **7:00 a.m. on pickup day.** Brush shall not be put to the curb earlier than 6:00 p.m. on the Friday before pickup day and any remaining items must be removed by 7:00 a.m. on the day after pickup.

Brush and branches <u>larger than two inches (2") but smaller than six inches (6")</u> shall be organized *neatly* at the curbside in piles no higher than three feet (3') with all cut ends of the brush and branches pointing in the same direction.

Brush pickup service is <u>**NOT**</u> provided for:

- Entire tree removal (residents must secure arrangements for private disposal)
- Excessive brush from vacant land, commercial businesses, and/or contracted work
- Grass clippings, yard vegetation, twigs less than 2" in diameter, leaves, etc. - these items are classified as **"Yard Waste"** and may be placed in the appropriate containers for weekly curbside pickups annually April thru November along with the trash/recycling pickup

The following is a list of unacceptable items and the Carrollton Township DPW Superintendent and staff are authorized by the Township Board to refuse the listed items and the property owner is then responsible for arranging removal by 7:00 a.m. the day after brush pickup:

- No dirt, trash, thorns, stumps, root balls, fence posts, wire or other building material, vines or poison ivy entwined into the pile
- No trunk larger than six inches (6") in diameter and no longer than eight feet (8')

WRONG - too small - this is YARD WASTE

CORRECT - this is BRUSH PICKUP
